

Designing & implementing a Pensions Administration Strategy

LPP

Local Pensions Partnership

LPP can work with you and your employers to design and implement an effective PAS.

Effective pension administration depends on timely and accurate data being received from your scheme employers and robust scheme administration processes to manage it. A Pensions Administration Strategy (PAS) is a critical tool to ensure this data flow is working and you have the information when you need it.

The aim of a PAS is to ensure both you and your employers are aware of your respective responsibilities and to identify and agree acceptable levels of performance. Benefits from an effective PAS include:

- Member experience will ultimately be enhanced; borne out by improved service targets being met.
- Your scheme may be able to recover any additional administration charges that arise as a result of having to undertake extra work for an employer.

What we offer

- Assistance with agreeing a Service Level Agreement between your scheme and its employers, which clarifies roles, responsibilities, performance and timelines.
 - Help with ensuring the services you provide to employers are equitable and transparent.
 - Support in promoting the PAS to your employers.
 - Assistance with formulating a charging schedule for non-compliant employers.
 - A suite of documentation tailored to meet your requirements.
 - FAQs answering employers' potential concerns and explaining the benefits of the PAS.
-

About Local Pensions Partnership Ltd

LPP is a well-established pension scheme administrator in the public sector, servicing the pensions of around 590,000 members across nine Local Government pension schemes (LGPS), involving multiple employers, seven Fire schemes and one Police Scheme.

We help our clients and their members prepare financially for the years ahead, with our end-to-end pension services partnership covering Pension Administration, Asset and Liability Risk Management (ALM) and Investment Management and Advisory services. With sector-leading governance, a not-for-profit philosophy and client service at the core of our offer, our clients benefit from our active long-term stewardship of both assets, and risk and liabilities.

Contact

We would welcome the opportunity to discuss your requirements and explain how we can help you design and implement an effective Pensions Administration Strategy for your scheme. For further information please contact:
